

November 14, 1983

Memo to Coal File:

RE: Shale Development Corp.
ACT/047/005
Uintah County, Utah

Carole, a representative from Shale Development Corporation, called Pamela Grubaugh-Littig on November 14, 1983 in the morning to inquire about the status of the bond. She stated that the bond had been processed on Thursday, November 10, 1983, in Grand Junction, Colorado, and hand-carried to Denver for a counter signature that day. She was not sure if it had been sent. I, Pam Grubaugh-Littig, replied that it was to have been received in our office on noon, Thursday, November 10, 1983. Our office has not received it yet. The tentative approval will be remanded.
